

cumstances "justified some expression of opinion from those who consider themselves acquitted of any responsibility for the failure to elect a United States Senator."

"There is no use," he continued, "speaking to men who believe in Democratic organization and asking them to pursue such a course as would mean the end of that organization. A course has been pursued at variance with all precedent to attract a few people from the outside. I doubt if people will be attracted from the outside by any course that does not vindicate a party's right to public respect."

"No one as yet, from the Governor to the humblest citizen, has presented any legitimate argument against the regularity of the Democratic caucus. If I understand the position of our friends, they are willing that we shall hold another caucus and if they like the man sufficiently they will vote for him, and if not they will invite you to a third caucus. That will never be submitted to at the request of any man nor could it be submitted to with fidelity to the reputation of the party."

Hints at New Caucus.

Senator Brady went on to say that the only chance of a settlement, in conformity with Mr. Sheehan's suggestion, was a new caucus which all the members would enter and which would tend them all.

Pursuant to the request of the Chief Executive of the State, said Mr. Douglass, he had waited until today for any outside influence and guided solely by the dictates of my conscience and my oath of office, I desire to announce my vote for United States Senator for William F. Sheehan."

Assemblyman Wende of Buffalo declared he had attended the caucus of the good hope of being guided by the greatest minds of the Democratic party.

"There are apparently some great minds that were not in the caucus," he added, "to whom it seems I should listen. But after observing their actions since the caucus I am reminded of the Clinton who swallowed an egg to whom it had been playing a little too much attention. As it went down his throat a chicken peeped. The Clinton then remarked: 'You spoke too late you are down!'"

Mr. Wende then voted for William F. Sheehan.

Says Sheehan Can't Win.

Dr. John Seeley, the Democratic Assemblyman from Steuben, who was expected to bolt the caucus nominee, voted for Sheehan. After the session Dr. Seeley said:

"I think I made my position very clear in my statement of last week, when I stated that Mr. Sheehan could not be elected, or any one else from Greater New York. We have been voting for the caucus candidate as a mere matter of form since then, and have advised against any break until the atmosphere has sufficiently cleared. Recent events, I think, prove the wisdom of our action."

A conference should be called immediately, and we will defer breaking in order to permit the leaders to effect a settlement, which we think can be accomplished without resorting to a caucus. The rank and file of the Democratic party demand an immediate settlement, and if it can be done harmoniously, so much the better."

The insurgent Democrats sought the aid of the Republicans to-day in a plot to force a continuous ballot. Senator Brackett, the minority leader, refused to go into a combination, but said he would advise with his colleagues.

The Ballot To-Day.

Following is the result of to-day's ballot:

Sheehan	50	Glynn	1
Littleton	18	Parker	1
O'Brien	4	Rapier	1
Sulzer	2	Hermon Ridder	1
Hopper	2	Dewey (Rep)	1
Total vote cast	100		100
Necessary for choice	51		

William J. Conners, burdened with a great secret and accompanied by J. Serron, Cram came up to Albany to-day in a plot to force a continuous ballot. Senator Brackett, the minority leader, refused to go into a combination, but said he would advise with his colleagues.

Conners would not talk, but some of his friends admitted that the real purpose of his visit was to force a meeting of the Democratic State Committee for the purpose of electing a successor to Winfield A. Huppach as chairman. Mr. Huppach retired from that office when he became Public Service Commissioner.

Murphy Plays for Delay.

Murphy has been trying hard to prevent a meeting of the state committee, fearing that some action might be taken to sustain the controversial appointment of William F. Sheehan, who also might control that caucus over to the Sheehan opposition. George W. Hutton, State Chairman, is a Conners man, but he would not be able to sustain Murphy if he became Public Service Commissioner.

A portion of the plan laid out to Cram, Conners, Cram and their friends is an alliance with Republicans for the protection of the Sheehan supporters as far as their home districts are concerned.

In Buffalo, Conners' plan, it is believed, is to call a meeting of the Sheehan and the downfall of Murphy, Cram and being made by the anti-Sheehan forces and about the march of break of twenty-some legislators who are adhering to the cause of Sheehan. These men have been kept in line by the suppression that Murphy could control all the State patronage as well as the acts of the Legislature.

They have been threatened with the danger of legislative measures if he does not back off.

Conners' plan is to call a meeting of the Sheehan supporters as far as their home districts are concerned.

If a meeting of the State Committee is called, it is certain to be Murphy who will be the real power in the meeting of the Democratic State Committee for the purpose of electing a successor to Winfield A. Huppach as chairman.

Conners' only ambition is to complicate the situation and make trouble for Murphy.
